

Security Information

DAILY STAFF MEETING

Thursday, 6 December 1951

25X1

Mr. [redacted] noted that G-2, FEC, had indicated in a recent report to G-2 here (with which they had agreed), that there had been an increase of 213,000 in the North Korean forces.

25X1

Mr. [redacted] noted that:

a. ODM has been designated as a critical agency.

25X1

b. [redacted]

25X1

[redacted] briefly reported on a meeting he had with Ted Babbitt on 5 December, concerning a teletype center which FCDA wished to install in order that that Agency might receive direct CIA - (1) information pertaining to an imminent attack on the U.S.; and (2) pertinent information after attack and/or attacks had been made.

25X1

[redacted] stated that at first blush he believed FCDA should receive this information from Defense, since that Department had primary jurisdiction in this matter, and that Mr. Babbitt intended to call on the cognizant people there. After some discussion Mr. Reber undertook to explore this matter further with Mr. Babbitt.
